This certificate program is designed to provide the student with a working knowledge of the latest software applications. All credits are transferable to the Computer Technology associate degree program if the student wishes to pursue further studies. Students must achieve a "C" or better in the required computer courses.

This is a career program and is designed to enable students to seek employment at the program's completion. If you plan to transfer to a four-year college/university, please check with your advisor and the Advising Center staff as soon as possible.

Successful completion of this program qualifies a student to apply for a Certificate in Applications User Specialist.
