 Allied Health 240
 301-784-5558

This transfer pattern is designed for students interested in social work and intending to transfer to a four- year degree program with a major in social work. Students should note that all schools of social work have a specialized, competitive admissions process; therefore, completion of this recommended sequence does not guarantee admission to a four-year program. It is essential that students consult the catalog of the school where they plan to apply and then work closely with their academic advisor at Allegany College of Maryland to select the appropriate courses.

Successful completion of this program qualifies a student to apply for an Associate of Science degree in Arts and Sciences - Area of Concentration in Social Work.

SPECIAL NOTE: Students interested in a career in Social Work should also consider the Human Service Associate Program. Allegany College of Maryland's Human Service Associate curriculum is a career program, which provides "hands-on" training in the skills, knowledge, and attitudes necessary for employment in the social work field. This training may also strengthen the student's application to a four-year social work program. The Human Service Associate program is especially appropriate for the social work transfer student who needs or prefers to work since the three required internships often lead to employment in the helping fields. Students interested in transfer to a four-year program in social work should consult with their advisor regarding appropriate course selection.

COURSE REQUIREMENTS

REQUIRED SOCIOLOGY COURSES

SOC-101	Introduction to Sociology
SOC-104 or	Interdisciplinary Studies In Human Society or Sociology Elective
Sociology Elective	
SOC-203	Social Problems
SOC-250	Introduction to Social Work
